21 CP Members were given a special presentation on the possibilities of a downtown development plan to include Commercial Circle, Front Street in front of RAFB and areas of hwy 247 from Bibb county line to Frito Lay. Gary Lee, Executive Director of the WR Redevelopment Authority along with a team from Pennsylvania contracted to complete the study revealed their findings and accepted further input from the community. The question of roads management and development came from County Commission Chairman Ned Sanders who was assured the DOT would be involved every step of the way. Community members were encouraged to submit further ideas and concerns. The UDA (Urban Design Associates) would reconvene in WR in the fall with an update.

*The next 21st Century Partnership Meeting is Thursday

September 25th due to the Museum Golf Tournament the week before. We will meet in the Eagle Conference room 9/25 at 10am at Museum of Aviation.
